Hi Jeff,

My preference would be to attend in person. However, (b) (6). If you can schedule for the following week (20-24), I have availability Monday afternoon, and all day Thurs and Friday.

Thank you,
Tom

Hi, Thomas. Thanks for getting back to me.

So, here's a question for you: are you unable to attend because of scheduling conflicts or because you don't think this site warrants attention at your level at this time?

The reason I'm asking is because my supervisor, Wally Moon, is definitely oriented towards full coordination and cooperation with state and local agencies, particularly at a site like this where there is a high potential for multiple actions over multiple years by multiple agencies and jurisdictions. If I just picked a bad time, I know he would prefer I keep looking for a time that works for everyone. If you just don't think you need to be there, I will let him know your representative will cover Ecology's interests.

Thanks,
Jeff

Hi Jeff,

To follow up, I would try to send a representative from our Toxic Cleanup Program and Spill Response Program if there is a meeting next week.

Thank you,
Tom

Hi Jeffery,

I will be unable to attend meetings next week. However, I'd be happy to send a delegate.

Thank you,
Tom

Jeff

Thank you for the documentation and your continued work on this issue! Unfortunately, I am unavailable on Wednesday - I do not see that as a reason to forego the meeting, however. I am not certain what I could add to the expertise this group will be bringing to the table. I see my role as doing whatever I can to assure that you folks have the backing, authority and ability to do what needs done. Rest assured I will push to assure that is the case.

I think it could be very important to have this meeting prior to the violation hearing set for Mr. Pillon on Friday the 17th.

Thanks,

Scott

we can compare observations from the site walk, near- and long-term plans, and EPA's role. I hope you can make a meeting at our building (address below) on Wednesday, August 15, sometime between 09:00 AM -12:00PM. If this is possible, please let me know and I will finalize arrangements.

>

> Sorry for giving such short notice, but I will be deployed to another site for 4 weeks beginning Monday, August 20 to Saturday, September 15. During this time, I would like to complete my documents and complete plans to take actions in October if we can all agree on parameters of EPA's scope of work.
